Rockville, Md 20852

Ref: Docket # 97N-0511

To Whom it May Concern:

I am sure there are a lot of problems involving the food sold to consumers but we do not want to see all orange juice pasturized. We have been using fresh juice for many years from a very reputable grove that has a modern, up to date, sanitary juice operation. Surely there is a way to avoid putting these good people out of business. We can go there and buy fresh juice that is fresh. We do not want to drink frozen or "cooked" juice. Please make this a consideration when you are working on this matter.

Sincerely,

Robert C. Parker
Joan W. Parker
